

## LIVE NEWS OF TWO PITTSBORNS

[THE SCRANTON TRIBUNE'S Pittston department is in charge of J. M. Fahy, to whom news items and complaints may be referred.]

### THE BOROUGH RETURNS.

Maloney Elected Burgess and the Citizens' Councilmen Sworn Under.

Owing to the failure of the Scranton office of the Western Union Telegraph company to receive the message after midnight, Tuesday night, complete election returns, which THE TRIBUNE representative had compiled, were not printed yesterday. The results are as follows:

Returns from the eleven wards give a clean sweep for the candidates of the combined Citizens and Democratic tickets by a large majority. Thomas Maloney, the Citizens' candidate for Burgess, endorsed by the Democrats, is elected over Louis Seibel, Republican, by a majority of 1,044. E. J. McDowell, Democratic candidate for tax collector, had 704 to 277 for W. H. Young, Republican, and 267 for H. H. Drury, Citizens' candidate. The balance of the Democratic borough ticket is elected by majorities varying from 250 to 350. For councilmen, J. H. Tighe, Democrat, defeats Joseph Sawwden, Citizens' candidate in the fourth ward. In the ninth ward M. N. Donnelly, Citizens' nominee, defeats P. J. Sweeney, Independent Democrat, by 7 votes.

In the eleventh ward, Patrick Maloney, Democrat, defeats George Lovell, Citizens' candidate, by 41 votes. In the sixth ward, James Kennedy, Democrat, is elected over R. Smith, Republican, by 39 majority. In the third ward, M. T. Lynott, Citizens' Democratic, beats M. Kane, Democrat, the present incumbent, by 36 votes. In the second ward, A. J. Clifford, Democrat-Citizens' candidate, defeats James Ryan, Republican and Citizens' nominee, by 28.

For school director in the first ward, A. McCormick, Democrat, defeats Thomas McKenna, Citizens', by 16 votes. In the second, John Lynott, Democrat and Citizens', has 29 majority over Thomas J. O'Brien, Independent. In the fifth ward, Thomas J. Moylan, Democrat, has 27 to 39 for J. F. Gordon, Independent Democrat. Alexander Bryden, Citizens', beats M. W. Morris, Democrat, in the seventh ward, by 1 vote. In the ninth ward, John McNamara, Citizens', defeats P. A. Sweeney, Independent Democrat, by 6 votes. In the eleventh ward, Patrick Egan, Democrat, has 9 majority over A. F. Earley, Citizens'.

### COURT TO DECIDE.

T. J. Corcoran Asks to Have the Vote Recounted in the Ninth Ward.

Thomas J. Corcoran, the candidate for councilman in the ninth ward who was returned by the election board as having received 66 votes to 73 cast for his opponent, M. N. Donnelly, the leader of the citizens' element, has filed a petition in court asking that the vote of the ward be recounted.

The grounds of his application are that the board made a mistake in counting his vote; that he should have 75 votes instead of 66 returned for him. On this application court made an order directing the election officers to appear today with the ballot box.

### Judged by His Absence.

Washington Star.

"I always suspected that cashier," said a member of the board of directors. "Maybe he'll turn up," said another. "You can't always judge a man by his appearance."

"No; but in a case like this it is pretty safe to judge him by his disappearance."

Thus Bright's Disease of the Kidneys, Inflammation of the Bladder, Gravel, and other Diseases of the Urinary Tract are successfully treated. Nervous Debility, Exhaustion, Dropsy, Liver Disease, and many other Chronic Maladies are cured without seeing the patient. ## A Pleasant Reflection

'Tis beauty that doth oft make women proud; 'Tis virtue that doth make them most admired; 'Tis modesty that makes them seem divine.'

This Shakespeare wrote 200 years ago. He'll be lived in these days, when women compete with the stronger sex in the bread-winning race of life, he would not have believed his stanza complete without this important addition:

"'Tis knowledge that makes woman a success."

Accident of birth may make one young woman a shop girl and her playmate, born at the other end of the street, a college graduate and a society belle. They were equals in childhood; they are separated now by several strata of society. But appraise each at her own intrinsic worth, and what is the only element of real superiority which the rich girl possesses over the poor one?

It Is Education; It Is Knowledge.

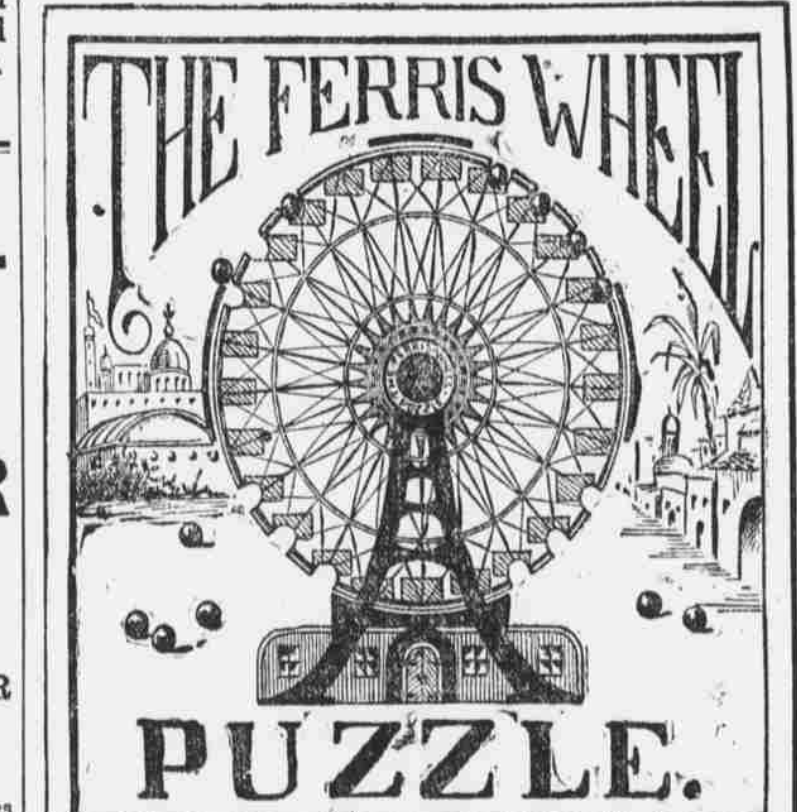

Herein only is the rich girl superior. Here only is she a more important factor in life and of more value to herself and to society than her less fortunate contemporary.

Even this distinction need no longer exist; for no girl with strength and ambition but can save ten cents a day and obtain THE TRIBUNE
